APPLIED HEAT TRANSFER

Commercial Heating and hot water boilers and domestic water heaters, commercial pool heaters

Full line of Open Circuit Anti-Microbial Cooling Towers with industry's highest 20-year warranty standard

Brush type cleaning for Shell & Tube and Plate & Frame heat exchangers, Backwash systems, Electrically actuated

Cooling Tower Filtration. Domestic Water Applications. Sidestream and Full-Flow Capabilities.

Indirect Water Heaters. Domestic Water Heaters with storage. Pre-packaged and clean steam systems

ECM, Inline, Base mounted, Split case, Sump & Sewage systems, Booster packages and tank fill, Weil, Scot & American Marsh

Expansion tanks, Air separators, Buffer tanks, Suction diffusers, Triple duty valves, Pressure and temperature gauges

Control, Air & Pressure Reducing Valves for Irrigation, Fire Protection, Building Systems and Water works.

Engineered Vibration, Shock and Noise Control Products for Industrial, HVAC and Acoustic Applications

AHRI Certified Gasketed and brazed and Welded Plate Heat Exchangers, Domestic hot water generators

Custom industrial engineered packages, Heat Transfer hot water and steam plants, Modular chiller and Cooling tower plants, Building Automation

Full line of Split case, Inline fire, Vertical turbine pump and packages, UL, FM, ETL and NFPA approved. Electric, Diesel and Steam operated

Packaged Commercial Pumping Systems for boosters, HVAC, and fire pumps. UL, ETL, NFPA & FM Approved

Commercial & Industrial Applications Stormwater Management, Fire Suppression, Irrigation & Agriculture. Rainwater Harvesting, Skid Mounted

APPLIED HEAT TRANSFER IS PROUD TO BE A RECOGNIZED MBE BY NYS, NYC, PORT AUTHORITY AND SCA

24/7 Pump Service & Support-201.968.1000
